

# Conférence de Cristina IOJOIU "High-performance lithium batteries based on single-ion conducting polymer electrolytes"

Publié le 7 septembre 2020 – Mis à jour le 11 septembre 2020

Date

Le 24 septembre 2020 De 16:00 à 18:00

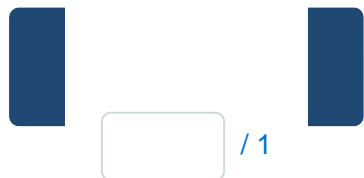

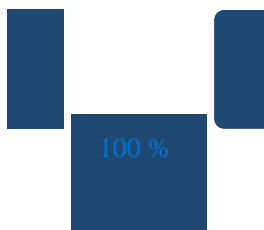

Complément date

à 16 h

Lieu(x)

Amphi Rémi

Cristina IOJOIU, LEPMI UMR 5279, Université Grenoble Alpes, Grenoble INP, GRENOBLE fera une conférence intitulée "High-performance lithium batteries based on single-ion conducting polymer electrolytes".
