

# Chemistry for Environment

*Chemistry for Environment axis*

Coordinator: [Pierre Amato](https://iccf.uca.fr/annuaire/m-pierre-amato)(<https://iccf.uca.fr/annuaire/m-pierre-amato>), Researcher

## Research topics

The work of the axis is focused on three main themes:

- Biophysico-chemistry of the atmosphere
- Fate of contaminants (soils, vegetals, water)
- Green processes
